Q3 Some say Congress should step in and prevent the EPA from limiting carbon dioxide pollution. For example, the head of the America Petroleum Institute says Congress should decide when and how greenhouse gases should be regulated. But others say Congress should let EPA do its job. The head of the American Public Health Association says that blocking the EPA's work to reduce carbon dioxide could mean the difference between a healthy life for many Americans or chronic debilitating illness. Which opinion do you support?

Congress should decide when and how greenhouse gases should be regulated..... 28%

Congress should let the EPA do its job 72%

Q4 Illinois Congressman Adam Kinzinger is considering a proposal that would block the EPA from limiting carbon dioxide pollution. Some, like the National Association of Manufacturers, say Congress should block the EPA because "EPA's overregulation threatens manufacturers, businesses and jobs throughout America. Its actions will increase manufacturers' energy costs and make it more difficult to compete." Others, like the American Lung Association, say Congress should not block the EPA because doing so "would strip away Clean Air Act protections that safeguard Americans and their families from air pollution that puts their lives at risk." Knowing these two points of view, would you support or oppose Congress blocking the EPA?
